

Hello!

I will be your child's English teacher this year. As his or her newest teacher, I will benefit greatly from your experience with your child. It truly helps to hear about your child's strengths, interests, and academic progress from your perspective. This insight will help me to create a meaningful educational experience and learning environment for him or her. Throughout this school year, I would like us to work together as a team to help your child succeed in my class and in life. To do this effectively, we must communicate effectively; please use this survey to let me know the best means to reach you regarding your student's progress. Thank you so much for taking the time to fill this out; words cannot express how excited I am to have your child in my class!

*****Please return by Monday, August 13th*****
